CANATO

Category: Cantine
business description:

Barbera del M.to Superiore “La Baldea” - Grignolino del M.to Casalese Our company has been present on the territory since 1740. Edoardo, our father, came from Veneto in the 1950s and managed this company that is well known in the area for being “the farm of the priests above Fons Salera” until 1996. Marco believes in the potential of these lands and continues what his father had set out to achieve: produce excellent wines. Good wine is made primarily in the vineyard, picking healthy and ripe grapes, in full respect of tradition. Grignolino is the main wine of the company followed by Barbera, Freisa, Chardonnay and Moscato. We have a large tasting room where we can host groups and allow them to taste our precious wines in an atmosphere of past times.
