SALUMIFICIO COLOMBANO

Category: Meat and meat products
business description: Constant care is the prime ingredient of the cured meats of Pierangelo Colombano. In his shop, next to the prized cuts of beef from Piedmont, he offers a vast assortment of the best samples of charcuterie from Monferrato. The products range from raw salami to cooked salami to cotechino (pork sausage), to a super muletta (coarse-grained cured meat) made with the best parts of the pig, aromatised with Barbera and fresh garlic. Soft and tasty.
